

NEW BENEFITS FOR DIABETES EQUIPMENT AND SUPPLIES

Effective September 1, 2020, certain diabetic supplies are covered at no cost to participants under the HealthSelect of Texas® and Consumer Directed HealthSelectSM Prescription Drug Programs (PDPs).

This is in addition to the coverage for diabetic supplies that already exists under the HealthSelect of Texas and Consumer Directed HealthSelect medical plans administered by Blue Cross and Blue Shield of Texas (BCBSTX). The diabetic supply benefits available under the HealthSelect medical plans did not change.

One of the new benefits now available under the HealthSelect PDP is a Free Glucose Meter Program administered by LifeScan. Eligible participants can get certain OneTouch glucometers at no charge.* HealthSelect PDP participants can call the LifeScan Service Center at **(866) 355-9962**, or visit **www.onetouch.orderpoints.com** and use order code: **594PRX100**. Other blood glucose monitors may be covered under the HealthSelect medical plan.

Certain diabetic supplies, including test strips for the OneTouch Ultra, OneTouch Verio, OneTouch Verio Flex or OneTouch Verio Reflect meters, are also available at no cost through the HealthSelect PDP. (Consumer Directed HealthSelect participants must first meet their deductible and then pay coinsurance.)
