

Join the Women’s Pelvic Health program

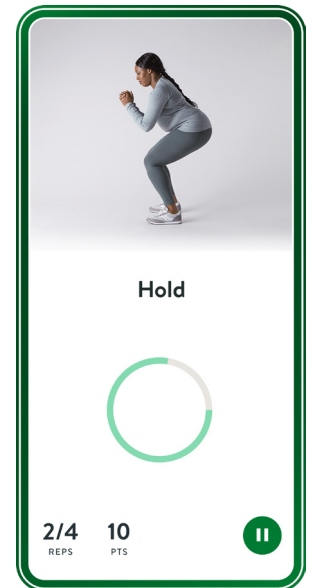

Hinge Health offers women personalized pelvic floor care at no additional cost through your HealthSelectSM medical plan, including Consumer Directed HealthSelectSM and HealthSelectSM Secondary, as administered by Blue Cross and Blue Shield of Texas.

What is your pelvic floor?

Your pelvic floor is the group of muscles supporting the bladder, uterus and bowels. Pregnancy, injury and certain conditions can sometimes weaken those muscles, resulting in common disorders like bladder or bowel control issues and pain.

When you join Hinge Health’s women’s pelvic health program, you get:

- Personalized exercise therapy for pregnancy and postpartum, bladder control, pelvic muscle strengthening or pelvic muscle relaxation
- One-on-one support from a clinical care team that specializes in pelvic floor care
- Guided exercise from the privacy of your own home, on your schedule
