- **No long-term contract:** Your membership is month to month.
- **Choose your package:** Pick the package that has the facilities and monthly membership fee that work best for you and your budget.
- **Family bundle pricing:** Get a 12% monthly fee discount by adding dependents (ages 16 or older) to the same or lower membership package. Dependents under 18 must be accompanied by an adult.
- **Studio and boutique class discount:** Use your membership to find and schedule studio and boutique classes such as yoga, sports training, dance, martial arts, Pilates and more. While your monthly membership fee does not cover the cost of these classes, you will get a 30% discount on the 10th pay-as-you-go class you purchase.
- **Complementary and Alternative Medicine discounts:** Save up to 30% on services ranging from acupuncture, massages, dietitians, and childbirth educators, to personal trainers and physical therapists.
- **Earn Blue PointsSM:** You'll earn 2,500 **Blue Points** for enrolling in the Fitness Program, and you can earn up to 300 additional Blue Points each week for visits to a Fitness Program network fitness center. HealthSelect participants can redeem up to 17,325 points each year for a wide variety of merchandise.**
- **Fitness tracker syncing:** Connect your fitness device to your **Well onTarget[®]** account to track your fitness progress. You'll earn up to 55 additional Blue Points each day for wearing your tracker to track the steps you take throughout the day!

To find participating gyms in your area, sign into the Fitness Program through your Blue Access for MembersSM account or download the Well onTarget Fitness Program app.

REAP THE REWARDS OF EXERCISE

Regular physical activity is an essential part of healthy living. According to the Department of Health and Human Services¹, it can help you:

- maintain a healthy weight,
- lower your blood pressure,
- manage stress,
- increase your stamina and strength,
- improve sleep,
- reduce your risk for several diseases,
- live longer,
- reduce risk of stroke or heart attack,
- reduce risk of developing dementia,
- improve your overall health, and
- boost your energy so you can go on family outings, play sports, dance, travel and engage in other activities that can make life more enjoyable.

Remember to check with your primary care provider to find out what fitness program is right for you. To make exercising more fun and safe, consider working out with a buddy or trying something new.
