

TAKE ADVANTAGE OF PREVENTIVE SERVICES

YOUR FAMILY'S RACE TO BETTER HEALTH BEGINS WITH A SINGLE STEP: Taking advantage of preventive health care services

Preventive check-ups and screenings can help find illnesses and medical problems early and improve the health of you and everyone in your family.

Your health plan covers screenings and services with no out-of-pocket costs like copays or coinsurance as long as you visit a doctor in your plan's provider network. This is true even if you haven't met your deductible if your plan has one.
